

Kwik Wire Connectors

Range: Emech Terminals/Accessories

Part Number: HYKW-08

DESCRIPTION

8 Pole kwik wire connector

EMECH TERMINALS/ACCESSORIES FEATURES

- Temperature range: -20°C to 100°C
- Colour coded Thermoplastic 94-V2
- 2-8 way commoning blocks - Pushwire
- Moulded Dovetail for stacking.
- Push insertion and twist release and with test slot
- Solid core conductor only.

Subject to technical modification without notice.

Typographical and other errors do not justify claim for damages.

SPECIFICATION

Number of Poles	1 Pole 8 Way
Body Material	Thermoplastic 94-V2
Colour	Black
Max Conductor Size (Sq mm)	2.5
Max Current (A)	20
Max Voltage (V)	450
Min Temperature Rating °C	-20
Max Temperature Rating °C	100
Height (mm)	10
Width (mm)	18
Length (mm)	30
