COMPLETE WITH 5 SCREWLESS CONNECTORS

IP66

IP67

Registered Design 008190920

**debox<sup>®</sup>**

A Brand of Hylec-APL Ltd.

### HIGHLY VERSATILE

Debox 11 comes with 10 cable entry points, all with soft membrane covers, giving a quick puncture-entry, self-sealing system rated to IP66.

8 of the entry points also have a M20 sized threaded entry for Cable Glands, with no need for an internal locknut, and giving a higher protection rating of IP67

This high IP rating makes the Debox 11 ideal for internal or external use.

### COMPLETE AND READY FOR USE

Five x 3-level screwless connectors are supplied and can be fixed into a built-in, moulded mounting fixture. There are also 4 fixing posts in the base for a PCB mounting plate.
